

The Grand Parkway Infrastructure project team would like to wish you and yours a very safe and happy holiday season. As we look back on 2019, much progress was made and we are on schedule to open the newest additions of the Grand Parkway in 2022. To date, the project is 30% complete, and we look forward to sharing exciting milestones with you in 2020.

GPI Holiday Toy Drive

This holiday season, GPI hosted a toy drive to benefit Baytown Blue Santa, a 501(c)(3) Non-profit program organized by officers and detectives from the Baytown Police Department with support from the Baytown Municipal Police Association. Each year, Baytown Blue Santa provides children of families in need with wrapped Christmas gifts and other needed household items,

so that the children in these families can experience the magic and joy of the Christmas season. Pictured above (left to right) Chris Neil, GPI's Public Relations Manager, Officer Nate Gallop of the Baytown Police Department, and Chris Allen, GPI's construction manager.

Segment H

- Crews continue to work on the main lanes/frontage roads and utilities
- In 2020, crews will focus their efforts on crossing SH-99 over IH-69 (photo)
- At loop 494 near New Caney ISD, crews are anticipating that bridge beams will be set in January 2020

Segment I-1

- Crews recently placed concrete beams on the bridge that will travel over FM 1413 in Dayton, TX (photo)
- Bridge crossings within segment I-1 will become more visible to the general public in 2020.
- The construction of frontage roads, main lanes, and drainage infrastructure will continue.

Segment I-2

- Over 80% of the Cedar Bayou lift bridge has been removed. Crews anticipate work to resume through January 2020 (photo)
- In 2020, GPI will focus its efforts on crossing SH-99 over IH-10
- Frontage road ramps are currently being constructed
- Crews continue to work on main lanes, frontage roads, & drainage
